

3.2.3 functional requirements

This diagram is a model of our system's course reader. The diagram below shows the functional requirement for 3.2.3.1 which is incorporated in the course reader. It shows the course was taken and necessary to continue their schedule. The time of the classes, time-slots, professors, and others in the courses category. Seeing as most of the class in the CSC major requires labs it references the lab slots as well to go with the classes. If taken saved for later viewing to continue the degree program. It will also provide the time and offering of online or campus for classes.
